

Josh

Josh is 15 years old. Here's what he would like you to know about him:

Some of my favorite things:

I love to go fishing, play and watch sports, and music.

Some activities I enjoy:

I like to listen to my music and play basketball.

My favorite foods:

Ice cream, potato chips, and pizza.

What I want in a family:

I want a family that will bring me to do activities that I enjoy. I want to be able to still have continued contact with some of my birth family as well.

What we want families to know about Josh:

Josh has a great sense of humor. He likes to help out with daily living activities at home. He enjoys television and video games; however it is important to limit the time spent on this activity. He learns best through hands on activities. Josh needs a family that will need to be active participants in the team including attending any therapeutic activities with him when needed. Josh will need a patient family to keep him safe and provide him with unconditional care.

What we are seeking in a family for Josh:

Josh would love a two parent or single male home with no other children. At times he would like to have more siblings. He would love to have his very own pet. A family that is able to participate with a team to help meet his needs.
